

Thank you so much for your past business! We'd like to share some exciting updates.

Many of you may not be aware that we are **now open and schedule doctor visits 7-days a week!** Also, we are able to offer **technician house calls** for many services, at a lower fee than doctor visits. Three days a week, 2 highly skilled technicians can visit your home to provide assistance when a veterinarian is not required.

We now have the capability to take beautiful **digital x-rays of your pet....right in your living room!** Many of you have been asking for this for a long time and now we can do it! You may also not know that we can arrange to have an internal medicine specialist or radiologist meet us at your home for **ultrasounds and echocardiograms.**

In our quest to provide more treatment options for patients experiencing pain, we now have three doctors that offer **acupuncture** – and one who offers **Chinese herbal medicine.** We also have a **therapeutic Laser** now and have been delighted with the results.

We are so happy to be able to introduce our **two new doctors:**

- **Dr. Jennifer Leddy** comes to us from Aloha Dog and Cat Hospital. She has been practicing for over 20 years and provides acupuncture as well as conventional veterinary medicine.
- **Dr. Kristina Hogg** has been practicing for 10 years. She is highly experienced in Laser therapy and acupuncture and offers traditional Chinese herbal medicine in addition to conventional, western medicine.

Jamie, Kathy and Jessica recently joined our technician team, and along with Jenn, Rachel and Katie, they will be assisting the doctors and providing technician house calls.

Before the end of the year we're going to be offering the **option of telemedicine (video conference) appointments** for those situations where you aren't sure a visit would be necessary.

Also, please be on the lookout for a **follow up letter from us soon, with new information about our pricing, packaged payment plans and membership options.**

It is really an honor to be invited into your home and to be trusted with your pet's care. You may reach any of us at dvm@pdxhomevet.com or 503-281-1631 – we welcome your questions!

With warm regards,

All of us at At Home Veterinary Services
